## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-18 are allowed.

2. The following is an examiner's statement of reasons for allowance:

The cited prior art does not teach or suggest some of the limitations found in independent claims 1, 8, 15, and 16. With respect to independent claims 1, 8, 15, and 16, Dotson fails to teach a second differential pair comprising an emitter-coupled differential pair and receiving as its inputs corresponding outputs of the first differential pair, and being implemented using bipolar devices. Therefore, independent claims 1, 8, 15, and 16, as well as all dependent claims, are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
